<b>HOLODISCUS</b>				
<b>Holodiscus discolor</b> A handsome shrub with drooping feathery panicles of creamy white flowers in summer.	1 HOLO DIS 175		175	C

## HYDRANGEA

A rewarding group of shrubs at their best when most others have finished for the year. The very popular *H. macrophylla* (*H. hortensia*) has very attractive heads of flowers from mid summer to autumn. They are divided into two groups - those with mop heads (round ball heads of flowers), and lacecaps (a flat head of flowers with the spectacular large flowers as a ring around the edge of the head). The flower colour may be: creamy white, pink - red, or pale blue - deep violet blue. It is most unusual in that pink or blue flowers are controlled by the availability of aluminium in the soil. Acid soils and aluminium sulphate gives blue flowers. Sweet, alkaline soils and no aluminium gives pink - red flowers. Flower size may also be dramatically improved by a good, well drained moist fertile soil, giving the best results. Pruning should be done each year in the spring and restricted to removing dead and weak wood right out at the base of the plant. Also some thinning maybe necessary to allow room for new water shoots to come through from the base each year. Do not trim the top back, as the flowerbuds were formed the previous summer/autumn. *H. macrophylla* should be protected from the worst of the winter frosts, this is why the deadheads should be retained until spring. I find the *H. arborescens* and *H. paniculata* forms much tougher to winter cold. They may be pruned in late winter or very early spring, as flower buds do not form until this time.

Single deep red flowers in early summer. A very hardy small Shrub. Prefers an open position. Ht 2m. Deciduous

Tree Paeony

PAEO DEL 175 30 175 C

**Paeonia Mons Jules Elie**

Has huge double blooms with a delicious rose scent. Richly packed, rose-pink petals, elegant silvery tips.

PAEO MONJ 6 40 6 C

**Paeonia Pillow Talk**

Fragrant, award winning, very attractive double flower, large blossoms, packed with fluffy soft pink petals, blooms heavily late spring-early summer. Full sun or part shade.

PAEO PIL 6 30 6 C

**Paeonia Red Charm**

Rich of substance and Texture, large double blossoms full of intense crimson red petals. Fragrant, strong stems, heat tolerant. Bloom late spring/early summer.

PAEO REDC 6 30 6 C

## PAPAYER

### Papaver orientale Allegro

Giant scarlet flowers on a dwarf plant. Plant in open sunny garden. Hardy. Ht. 30cm.

Dwarf Oriental Poppy

PAPA ALL 140 25 140 C

## PARAHEBE

### Parahebe catarractae Snow Cap

White flowers in summer on a hardy native for a moist garden. Flat growing. Evergreen.

1 PARA SNO 175 30 175 C

## PENSTEMON

### Penstemon hartwegii Giganteus

larger flowered form with a mixture of red, pink, violet, blue flowers. Ht 75cm

PENS HARG 140 45 140 C

### Penstemon Hidcote Pink

Flowers pink all summer. Prune after flowering in autumn. Ht 1m.

1 PENS HID 175 80 175 C Perennial

### Penstemon Te Anau Fire

Good selected seedling with deep red flowers and flowers throughout the summer and autumn.

1 PENS TEF 175 007 C

## PHEBALIUM

### Phebalium phylicifolia

Bright yellow flowers on a small bush in late spring to summer. Easy to grow in a well drained warm garden. Ht. 1.5m. E.

PHEB PHY 6 45 6 C

## Phlomis

### Phlomis fruticosa

New 17

A small grey foliated shrub for a hot sunny position. In summer the heads of yellow flowers are produced. Ht 50cm. Evergreen.

PHLO FRU 175 30 175 C

## PHORMIUM

NZ Flax

Another group of tough, hardy plants prized the world over for the architectural look and great colour. Because they are so easy to grow, you often see them as a centrepiece in containers. They are also great for shelter.

### Phormium Black Rage

A bold striking Flax. The blue-black foliage makes a stunning contrast against green or silver foliage. HT 1.5m

PHOR BLA 175 50 175 C NZ Flax

### Phormium chathamica

A native Flax from the Chatham Islands. Forms a small clump with arching leaves. Hardy to salt winds. Ht.1.5m

PHOR CHA 090 20 OLV C Chatham Island Flax

### Phormium cookianum

A fine native with attractive green pendant leaves. Hardy. Ht. 1.5m. Evergreen.

PHOR COO 175 45 175 C Mountain Flax  
PHOR COO OLV 30 OLV C

### Phormium Dark Delight

Leaves deep purple to bronze almost black. Native. Hardy. Ht. 1.5m. Evergreen.

PHOR DAR OLV 25 OLV C Purple Flax

### Phormium Emerald Green

Small green flax. Compact and clump forming native for the front of the border. Ht. 75cm

PHOR EME 175 25 175 C

### Phormium Maori Queen

A medium growing Native flax with pink/red foliage which stands well in the sun. Hardy. Ht. 1.2m. Evergreen.

1 PHOR MAOQ 17 35 175 C

### Phormium Rainbow Chief

Wide green leaves with rose-red margins which arch at the tips. Ht. 2m

<b>Pieris</b>				Lily of the Valley Bush
This close relative of the Rhododendron requires the same conditions, and is used in the landscape in the same way. However the panicals of mainly white flowers are very distinct, and very ornamental as is the foliage, especially when in full new growth in the late spring. As with rhodos it is important to deadhead after flowering. I leave this until early November when all fear of frost is over. This delays the vulnerable new growth. To control weeds near the plants, mulch with pea straw/peat and bark mix/pine duff. This feeds the plant and keeps the roots cool and moist.				
<b>Pieris Flamingo</b>				Lily of the Valley Bush
Bright pink flowers in spring on an upright open plant. Plant in shade for best colour. Ht. 1.5m. Evergreen.	PIER FLAM 175	20	175	C

## Rhododendron

Rhododendrons are indispensable for spring colour in any garden. There is a huge range of colours, sizes and shapes to choose from. They all prefer an acid free draining organic moist soil. In a position sheltered from the worst wind and hottest sun. I find they do best in a mixed boarder with a few trees dotted through e.g.. Maples magnolias, apples or dogwoods which contrast nicely.

<b>Rhodo Alison Johnstone</b>	yunnanense x cinnabarinum			
Flowers amber with pink frosting in Oct on an upright bush. NO LIME. Likes cool roots. Ht 1.5m. Evergreen.	RHOD ALJ OG	35	OG	C
