Rhododendron

Rhododendrons are indispensable for spring colour in any garden. There is a huge range of colours, sizes and shapes to choose from. They all prefer an acid free draining organic moist soil. In a position sheltered from the worst wind and hottest sun. I find they do best in a mixed boarder with a few trees dotted through e.g.. Maples magnolias, apples or dogwoods which contrast nicely.

Rhodo Alison Johnstone

Flowers amber with pink frosting in Oct on an upright bush. NO LIME. Likes cool roots. Ht 1.5m. Evergreen.

yunnanense x cinnabarinum
