<b>Anacyclus pyrethrum depressus Silver Kisses</b>	<b>New 17</b>			<b>Pyrethrum</b>
Small compact dasy with masses of white flowers. Ht 10cm	ANAC SIL 140	5x25	140	C

## ANEMONE

### Anemone multifida Rubra

Deep pink flowers form above neat rounded clump of dark foliage. Flowers in early spring on stems that sit above the mounding foliage. Grows best in part shade for sun. Ht 30cm

Pink wild flower  
ANEM MULR 140 25 140 C

### Anemone sylvestris

Masses of White flowers in stems 30cm long during spring and early summer. An native of eastern Europe.

ANEM SYL 140 10 140 C

## Apodasmia

### Apodasmia similis

The upright formal appearance and distinctive foliage combine to make this a striking plant, good planted in groups. Naturally grows in wet conditions, but will tolerate dry soils.

Oioi, jointed rush  
APOD SIMI OLV OLV C

## AQUILEGIA

### Granny's Bonnet

### Aquilegia caerulea hybr 'Red Hobbit'

Lovely compact form, red flowers with white corolla height 35cm

AQUI REH 140 10 140 C

### Aquilegia fl. Pumila selection

A rounded clump forming plant, bright blue flowers with white nectary spurs. Ht 20cm

AQUI PUM 140 25 140 C

## Aruncus

### Aruncus aethusifolius

This dwarf form is great for the smaller garden or as an edging along borders or paths. It forms a low mound of light green, ferny foliage, with short spikes of creamy-white flowers in early summer, similar to Astilbe. Ht 30cm

Dwarf Goat's Beard  
ARUN AET 140 30 140 C

## ASTELIA

### Astelia chathamica

Silver green leaves with a metallic sheen. Spring flowers of white and followed by orange berries on female plants. Ht 1m.

Chatham Island Astelia  
ASTE CHA 175 30 175 C

## ASTILBE

### Astilbe arendsii Showstar

A dwarf perennial with dark green divided leaves which are bronze when young. Flowers are red, pink or white in summer.

ASTI SHO 140 10 140 C

### Astilbe Bella

Flowers are a bright mix of pink, rose and yellow shades with bright green foliage. Ht 50cm

ASTI BEL 140 10 140 C

## ATHEROSPERMA

### Atherosperma moschatum

Small Tasmanian tree, with fragrant cream flowers in summer. Ht 4m. Evergreen.

Black Sassafras  
ATHE MOS 175 50 175 C

## Azalea

### Deciduous Azalea

These tough hardy deciduous Rhododendrons produce spectacular usually highly scented flowers in spring to early summer. In autumn they also make a fine display with their autumn foliage. They are indispensable for punctuating the seasons in a good garden. For best performance plant in an organic free draining acid soil. Blue Mountain Nurseries is famous for developing many of the double azaleas available with Denis working on more all the time.

### Azalea Barbecue

Masses of double apricot flowers on a compact well rounded bush in November. Ht 1m (Solent)

AZAL BAR OG 40 250 C

OLV C

**HYDRANGEA**

A rewarding group of shrubs at their best when most others have finished for the year. The very popular H. macrophylla (H. hortensia) has very attractive heads of flowers from mid summer to autumn. They are divided into two groups - those with mop heads (round ball heads of flowers), and lacecaps (a flat head of flowers with the spectacular large flowers as a ring around the edge of the head). The flower colour may be: creamy white, pink - red, or pale blue - deep violet blue. It is most unusual in that pink or blue flowers are controlled by the availability of aluminium in the soil. Acid soils and aluminium sulphate gives blue flowers. Sweet, alkaline soils and no aluminium gives pink - red flowers. Flower size may also be dramatically improved by a good, well drained moist fertile soil, giving the best results. Pruning should be done each year in the spring and restricted to removing dead and weak wood right out at the base of the plant. Also some thinning maybe necessary to allow room for new water shoots to come through from the base each year. Do not trim the top back, as the flowerbuds were formed the previous summer/autumn. H. macrophylla should be protected from the worst of the winter frosts, this is why the deadheads should be retained until spring. I find the H. arborescens and H. paniculata forms much tougher to winter cold. They may be pruned in late winter or very early spring, as flower buds do not form until this time.

**Hydrangea seamanii**

Evergreen climber self clinging

HYDR SEA 175

40

175 C

**ILEX**

Holly

The ones we offer are very tough, evergreen shrubs ideal as topiary, hedging and specimen planting. As they will tolerate shade, they may form underplanting or be good in south facing borders. All require a well drained site.

### Malus Flamingo

New 16

Double red flower buds open to deep pink flowers in spring. Deep burgundy red foliage on an upright tree makes a display in the spring to autumn. A prized selection form John McLarens in Central Otago. PVR applied for TRM119.

MALU FLA 25 130 25L C

## MECONOPSIS

### Meconopsis betonicifolia

Striking blue flowers in spring. Plant in a shaded garden. Ht.1m. Deciduous.

MECO BET 175 10 175 C

### Meconopsis betonicifolia Alba

White flowers in spring. Plant in a cool shaded garden away from wind. Ht. 1m. Deciduous.

MECO ALB 175 25 175 C

### Meconopsis Lingholm

Large brilliant blue flowers in early summer make a special display in the shaded garden. The best Blue Poppy. Ht. 1m.

MECO LIN 175 10 175 C

## Melicytus

### Melicytus sp

Lovely small form.

MELI SP 6 30 6 C

## METASEQUOIA

Dawn Redwood

### Metasequoia glyptostroboides Goldrush

Tall, upright pyramid, golden tree with soft ferny needles. Good autumn colours. Enjoys sheltered position with damp soil. Ht. 8mtrs

META GLYG 25 150 25L C

## MICHELIA

### Michelia yun Velvet & Cream

A small upright bush for the woodland garden. Shelter from wind. Creamy white flowers in spring.

MICH VEL 175 100 175 C

## MYRTUS

Myrtle

### Myrtus apiculata (syn. Luma apiculata)

Bronze green leaves on compact tall shrub with beautiful bronze trunk. White flowers in summer. Ht 3m. Evergreen.

MYRT API 175 40 175 C Luma

## NYSSA

### Nyssa sinensis

Beautiful orange-red colours in autumn. Tidy branching habit. Ht 3m. Deciduous.

NYSS SIN 175 80 175 C

### Nyssa sylvatica

Excellent autumn colours make this a great tree for the small garden. Ht 3m. Deciduous.

NYSS SYL 8.5 150 8.5 C

### Nyssa sylvatica v. biflora

Small slender trunked tree suited to confined spaces. Prefers moist sites. Early autumn colour a bright red. Deciduous. Ht 8m

NYSS SYLB 175 150 175 C Twin flowered Tupelo

## PAEONIA

### Paeonia Bowl of Cream

Incredibly pretty, features very large, rich creamy white full blossoms that grow very large. Flowers are packed with delicately ruffled inner petals.

PAEO BOW 6 10 6 C

### Paeonia Coral Sunset

Early bloomer in late spring with large double blooms in tangerine coral-rose tones fading to a creamy white. Elegant ruffled petals, moderately fragrant. Does not need staking.

PAEO CORS 6 30 6 C

### Paeonia Pillow Talk

Fragrant, award winning, very attractive double flower, large blossoms, packed with fluffy soft pink petals, blooms heavily late spring-early summer. Full sun or part shade.

PAEO PIL 6 25 6 C

### Paeonia Red Charm

Rich of substance and Texture, large double blossoms full of intense crimson red petals. Fragrant, strong stems, heat tolerant. Bloom late spring/early summer.

PAEO REDC 6 25 6 C

## PHEBALIUM

### Phebalium phylicifolia

Bright yellow flowers on a small bush in late spring to summer. Easy to grow in a well drained warm garden. Ht. 1.5m. E.

PHEB PHY 6 25 6 C

## PHOTINIA

### Photinia beauverdiana

Small tree up to 2m high conspicuous in summer with Hawthorn-like flowers and in Autumn bedecked with dark red fruit and richly tinted leaves

PHOT BEAU 6 25 6 C

## PITTOSPORUM

### Pittosporum tenuifolium

Delightful small tree. Slender shape and pyramidal form. Fragrant flowers. Can be trimmed to any desirable size. Ht 3m. Evergreen. Native.

PITT TEN 175 60 175 C Kohuhu

## PLATANUS

### Platanus orientalis

A large stately tree with wide spreading branches. Attractive deep lobed leaves. Ht. 5m. Deciduous

				Scarlet Oak
<b>Rhododendron</b> Rhododendrons are indispensable for spring colour in any garden. There is a huge range of colours, sizes and shapes to choose from. They all prefer an acid free draining organic moist soil. In a position sheltered from the worst wind and hottest sun. I find they do best in a mixed boarder with a few trees dotted through e.g.. Maples magnolias, apples or dogwoods which contrast nicely.
